Step By Step Tee Time Process – Member Portal

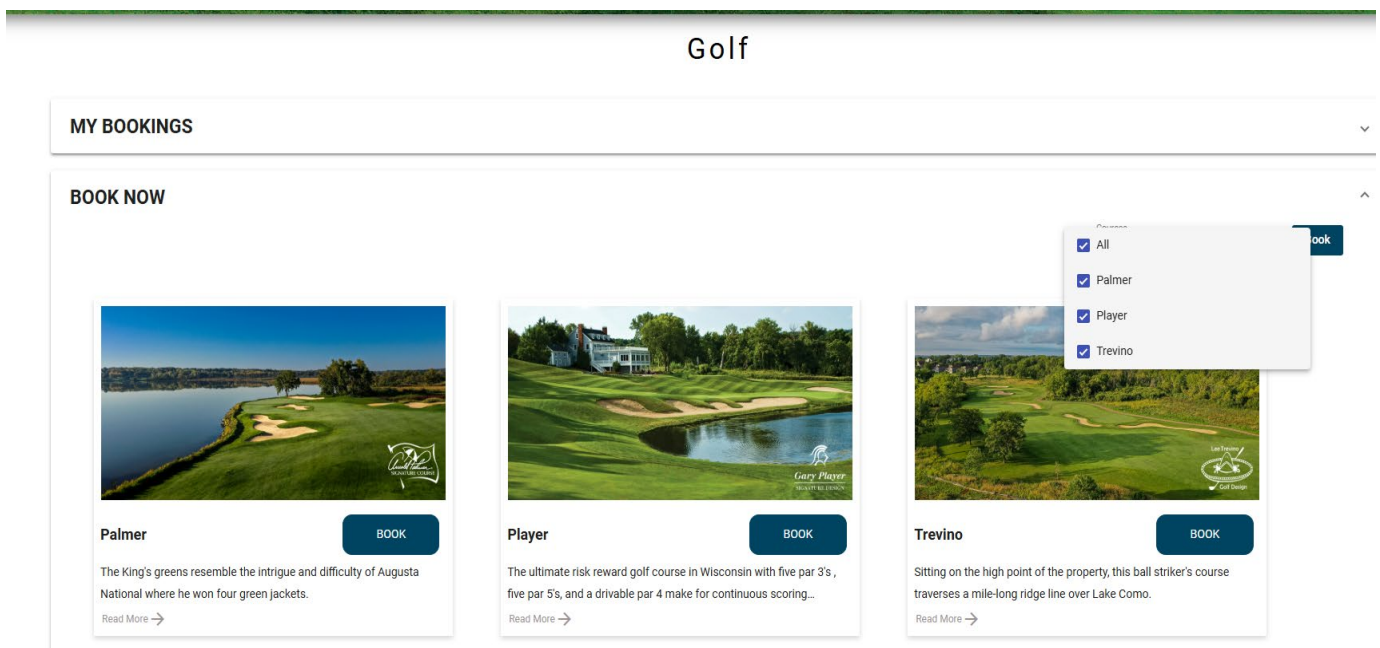

To book a tee time in your member portal click on the Golf tab located on the top left side of the page.

Next select Book Now, if you want to view all your current booking select My Bookings.

Next on the far right, use the drop-down box to choose the course you want to book or select all to see all courses, once selected click Book.

You are now viewing the tee sheet, member course will show up in blue highlight, members who have already booked tee times will show on all courses as well. To change or expand your dates to view, use the calendar in the upper right, up to 30 days out on the member course. You can also see the resort courses only for one day in advance and can book up to one day in advance.

To book, click on BOOK and then select your number of players. Your number of players must match what you want to book, if you select 4 and then only want to book 3 you will have to go back to this section and update to the correct number of players.

Once you have selected your number of players you'll be taken to the following screen. One key point on this screen is on the upper right side is a clock for time left to book, you have 7 minutes to complete your booking, or the system will time out.

Next, you will need to click on the Members box, once you click on this the search field will populate with all our members. To add a member to your group, click on the + symbol to the right of the member's name. You can use the search box and type the members' name or scroll down to find the member who is playing with you. If you click on a member + symbol and get a red pop-up box error message it likely means this member is not eligible to play on this course or at this time, examples could be a weekday member or social member. If you feel this is an error, please contact the members' professional staff. Currently the My Buddies portion of this portal is not working, we hope to have this operational soon.
